Your monthly

family dinners are on us

What does your daily commute look like?
Dropping your kid to school, going to work
and coming back home, right?
That's about 25 km in a day.

Now, let's do the maths.
On Rizta: ₹ 100 = 350 km
On petrol scooters: ₹ 100 = 40 km
You save ₹ 16 608 in 1 year.
₹ 83 040 in 5 years.

But wait, there's more.
With fewer moving parts in an EV,
you also save on service costs.
₹ 45 00 in 1 year
₹ 22 500 in 5 years

With Rizta, you save ₹ 21 108 in a year.
Enough for one lavish family outing per month.

Assumptions & Sources

- Calculations are based on 25 days of usage in a month and 35 km/unit with Rizta.
- Electricity cost of ₹ 10/unit and petrol cost of ₹ 100/litre.
- Mileage of 40 kmpl for the petrol scooter and 112 km TrueRange™ for Ather Rizta Models.
- Depreciation of 10% per year for both electric and petrol scooters. Electric battery depreciation of 5% per year.

• One family dinner at a restaurant costs ₹ 1 750.

Unlock all the smarts with Pro

Bundle in Pro with your scooter at the time of purchase to get a sweetened deal.
