

ATHER ENERGY LTD.

Quality Policy

At **Ather Energy Ltd.**, we are committed to delivering innovative, reliable and sustainable electric mobility solutions that create magical experiences for our customers.

We achieve this by:

- Embedding quality in every stage of manufacturing and service
- Complying with applicable regulatory, statutory and customer requirements.
- Continually improving our processes, products and systems and empowering our people to drive engineering, operational excellence and customer focus.

This policy guides our actions, reflects our values and is reviewed regularly for continued relevance.
